

PRIVATE CLIENT OVERVIEW

Protection for families, fortunes, and futures.

Intelligence-driven protection, investigations, and risk advisory for families, enterprises, and leadership teams.

FORMER TIER 1 INTELLIGENCE & OPERATORS

sagglobal.com

WHO WE SERVE

Built for people whose visibility creates exposure

High-net-worth families & family offices

Privacy for the household, the heirs, and the wealth behind them.

CEOs & entrepreneurs

Protection that travels with the principal and scales with the company.

Public figures & entertainment talent

A public life on stage and on tour, without a public address.

Corporate leadership & boards

Risk visibility before transactions, crises, and headlines.

Legal counsel & litigation teams

Facts gathered lawfully, handled discreetly, ready for the matter.

Government officials & agencies

Protective services and investigative support from IC and special operations veterans.

THE SAG INTELLIGENCE CYCLE

Every engagement runs on the same discipline

01

Direction

Define your priorities and requirements.

02

Collection

Gather information lawfully.

03

Analysis

Assess threats and vulnerabilities.

04

Action

Deliver protection and solutions.

05

Review

Monitor changes and reassess as life moves.

WHAT WE DO

Four core capabilities, one integrated team

Executive Protection

Close protection for principals, families, and executives, at home and across borders.

Secure travel & advance · Residential teams · Touring talent · Retainer teams

Private Investigations

For families, companies, and counsel. Facts gathered lawfully, handled discreetly.

Litigation support · Due diligence & KYC · Asset tracing · Digital forensics

Threat Assessment & Protective Intelligence

Map your exposure the way an adversary would: digital, physical, and personal.

Exposure mapping · Digital footprint reduction · Continuous monitoring

Facility Hardening & Counter-Drone

Residences, offices, and campuses surveyed on site and hardened on the ground and in the air.

Site surveys · Technical security · Counter-drone · Response planning

Also: major-event security, training & instruction, and government advisory.

USE CASE 01 • FAMILY OFFICE

A sale closes, and the family name is suddenly public

A founder's company sale makes the news. The home address, the children's schools, and daily routines are a few searches away, and no one has a clear picture of what is exposed.

[Start here: Private Exposure Assessment →](#)

WHAT SAG DOES

- Map the family's exposure the way an adversary would: digital, physical, and personal
- Reduce the digital footprint across data brokers, records, and social traces
- Set continuous monitoring for new exposures and emerging threats

THE OUTCOME

A family that knows what a stranger can find, and a plan to shrink it.

USE CASE 02 · EXECUTIVE TRAVEL

A CEO flies into an unfamiliar city to close a deal

A tight schedule, a high-visibility principal, and a counterparty the team does not fully know. The deal matters. So does everything around it.

[Start here: Book a private call →](#)

WHAT SAG DOES

- Advance work on routes, venues, and lodging before arrival
- Close protection on the ground, at home and across borders
- Due diligence on the counterparty before anyone sits down

THE OUTCOME

The principal focuses on the deal. SAG handles everything around it.

USE CASE 03 • LEGAL COUNSEL

A litigation team needs facts that will hold up

Counsel needs to locate assets, vet a witness, or understand who the client is really dealing with, without tipping anyone off.

[Start here: SAG for attorneys →](#)

WHAT SAG DOES

- Asset tracing, due diligence, and KYC
- Cyber and digital forensics
- Litigation support and witness security when the stakes rise

THE OUTCOME

Facts gathered lawfully and handled discreetly by a Virginia DCJS-licensed firm (11-30268).

USE CASE 04 • RESIDENCE

A new estate with gates, cameras, and an open sky

The family has moved in. The hardware is installed, but no one has looked at the property the way an intruder would, or from above.

[Start here: Book a private call →](#)

WHAT SAG DOES

- On-site survey of the residence, grounds, and approaches
- Technical security and counter-drone advisory
- Response planning for the household and staff

THE OUTCOME

A home hardened on the ground and in the air, with a plan everyone knows.

TRUSTED, QUIETLY

Discretion is the service

Cabinet-level official

The President's staff

Grammy-
winning artists

Along with hedge funds, law firms, and public figures. SAG personnel come from NSA, ODNI, CIA, FBI, USSS, SOCOM, Navy SEALs, and Army Special Forces.

VIRGINIA DCJS LICENSE 11-30268

HOW TO ENGAGE

Four steps from first look to full protection

01

Exposure Self-Check

Ten questions, two minutes, scored privately in your browser.

Take it →

02

Private Call

A confidential conversation about your situation and priorities.

Book a call →

03

Private Exposure Assessment

Your exposure mapped as an adversary sees it, with a prioritized plan.

Request one →

04

Ongoing Protection

Retainer teams, continuous monitoring, and review as life changes.

Talk to us →

Between engagements, follow **SAG Insights** for briefings on privacy, travel, and risk.

YOUR NEXT MOVE

Start with two minutes.

How much of your family can a stranger find? Take the Exposure Self-Check: ten questions, scored privately.

Quietly, completely, and on your terms.
